

Van Renesse Supplies acquires the Kipp & Zonen BD 300 data acquisition recorders

Dear business relation,

We are pleased to inform you that on July 1st, 2013 Kipp & Zonen and Van Renesse Supplies reached an agreement whereby Van Renesse Supplies acquires all rights to the production and sales of the BD 300 data acquisition recorder line along with the entire stock and supplies. Kipp & Zonen has transferred the complete BD 300 data acquisition recorder business and all related responsibilities, including warranty issues, to Van Renesse Supplies.

By this transfer Kipp & Zonen has stopped all its activities in the recorder business.

As of July 1st, 2013 the recorder product range of Van Renesse Supplies consists of:

- 4, 6 and 8 channel BD 300 data acquisition recorders
- Spare parts for BD 300 recorders
- Repairs of BD 300 recorders
- BD 11E/12E flatbed recorders
- Spare parts for all obsolete Kipp & Zonen recorders as well as for BD 11E/12E
- Recording paper and fibre pens
- Repairs of all obsolete Kipp & Zonen recorders and of the BD 11E/12E flatbed recorders
