

## LIDAR Systems no longer globally represented by Kipp & Zonen

---

Dear Business relation,

From 01 January 2011 Kipp & Zonen B.V. in Delft ceased to directly represent the products of Raymetrics S.A. of Athens, Greece worldwide.

This is a friendly separation for strategic reasons. We have had many years of successful co-operation and good relationship with Raymetrics and they manufacture excellent products. However, we have now decided to concentrate our resources on other market areas.

Therefore, all enquiries regarding the LIDAR Systems should be sent directly to Raymetrics respectively. All responsibility for warranties, spares and support of their products sold by Kipp & Zonen has also transferred to the manufacturers.

The contact information of Raymetrics is:  
Raymetrics S.A.  
12 Papathanasiou Str,  
Paiania  
19002 Attika  
Greece  
Product info: [info@raymetrics.gr](mailto:info@raymetrics.gr)  
Customer support: [support@raymetrics.gr](mailto:support@raymetrics.gr)  
Website: [www.raymetrics.gr](http://www.raymetrics.gr)
