

## ISO 9060 COMPLIANCE STATEMENT

Kipp & Zonen B.V. hereby states that the following instruments that are designed and manufactured by us comply with, or exceed, the performance requirements of ISO 9060:1990 'Solar energy - Specification and classification of instruments for measuring hemispherical solar and direct solar radiation':

**Pyranometers and Albedometers**

CM 4, CMP 3 and SMP3 - Second Class

CMA 6 and CMP 6 - First Class

CMA 11, CMP 11, SMP 11, CMP 21 and CMP 22 - Secondary Standard

**Net Radiometers**

CNR 4 (short-wave radiation) - Second Class

**Pyrheliometers**

CHP 1 - First Class

Please note that at the present time (December 2011) there are no ISO standards for pyrgeometers or UV radiometers.
